Pascal:

Attached is the latest monthly status report for contractor-supported NPDES permits in California under Task Orders 32 and 38 through November 5, 2014. Please note that we are still trying to complete the scheduling and assignments for the new permits issued under TO 38 for a few of the Regional Boards. We hope to have that completed within the next week or so.

If you have any questions, please feel free to give me a call.

Thanks,

Jim
